

Economics A-Level Part 1

Summary

Economics shapes how we allocate limited resources and measures the impact of our choices. You'll study the UK and global economy, using economic theory to analyse issues and present your ideas and conclusions in a clear, logical way. Whether you're pursuing a career in business, finance or politics, this course will build your problem-solving, analytical and decision-making skills, in readiness for a wide range of future career and university choices.

PET offers A-levels in two parts. Upon completing Part 1 of this A-Level, you will be able to take an AS exam, or you can continue on to Part 2 to build up to a full A-level.

You will need to apply for each part separately. You can start an A-level at any time of the year, but exams usually take place in June.

Before making your application, please speak to PET or your education department to find out if your prison can hold A-level exams as many cannot facilitate this.

Alternatively, you might be able to take the exams on Release on Temporary Licence (ROTL) or after your release - we will be happy to advise you further on this.
