

## NEBOSH Certificate in Fire Safety

### Summary

This course is designed for people who have fire safety responsibilities at work. It provides the knowledge and understanding to carry out an effective fire risk assessment, as well as embed good practice in the workplace. Holders of this accredited qualification can help their organisation to meet its fire safety responsibilities. With the knowledge gained on this course, you can help create a safer environment for employees and visitors to premises and an improved fire safety culture for employers and building managers.
